

Golden Dalgona

A familiar Korean sweet.
A new chapter in candy.

KOREAN ROOTS. GOLDEN POSSIBILITIES.

Products / Distribution / OEM & ODM

OUR ROOTS

Two generations. One enduring craft.

Cheongwon Food, Yangju, South Korea

60+

years of family experience
in candy making and sales

FIRST GENERATION

A craft learned on the factory floor, followed by a return to handmade sweets at Narae Food in the mid-1980s.

EARLY 1990s

The next generation joined the production floor and learned the process from the ground up.

8 JUNE 2010

Cheongwon Food opened, carrying that experience into a new business.

RECOGNITION / 2022

National Assembly committee chair's commendation
Korea Global Power Brand Awards

THE SIGNATURE PRODUCT

The taste of dalgona, made for today.

Sweet, toasted caramel notes in a familiar Korean candy.

Golden Dalgona brings that tradition into a convenient lollipop format.

HARD

A firm, crisp bite inspired by traditional dalgona.

SOFT

A softer texture developed through Cheongwon Food's own process and equipment.

*Two textures.
One golden idea.*

50

pieces per retail bag

13 g

per lollipop

650 g

total net weight

Ingredients: sugar, malt syrup, sodium bicarbonate.
Made in China. Imported by Cheongwon Food.

Pack details shown for the pictured 50-piece retail bag.

Korean know-how. A cross-border approach.

Our manufacturing experience began in Korea. Golden Dalgona is now made in China and imported by Cheongwon Food.

Packaging line, China

CHINA / PRODUCTION PARTNER

Work with our local partner includes trial production and finished-goods processing, with continued review of texture and manufacturing conditions.

KOREA / CHINA / GLOBAL

A Korean story. A wider horizon.

From manufacturing experience in Korea to production partnerships in China, we are exploring the next markets for Golden Dalgona.
